- **Travel by public transport**

You can reach the BayBioMS by public transport. The bus stop called "Weihenstephan" on the bus routes 638, 639 and is situated approx. 100 m nearby.

From Freising station you can reach the BayBioMS by city bus lines 638 and 639 (stop **Weihenstephan**) within approximately 7 minutes travel time.

Line 638 direction Hittostaße/Fraunhofer-Institut runs 4 times per hour taking 8 minutes from Freising station to Weihenstephan Campus (Mo-Fr).

Line 639 runs every 30 minutes taking 6 minutes from Freising station to Weihenstephan Campus and via the forest science buildings and "Lange Point" back to the station (Mo-Fr).

Alternatively, you can also use the timetable information issued by the Munich public transport authority [MVV](https://www.mvv.de) (also available on the MVV smartphone app, which you can get from the iOS App Store and Google Play Store).

For guests arriving with their own motor vehicle, free parking spaces are in front of the BayBioMS.

By bus you can get to Freising railway station in 10 minutes, from there the train will get you to Munich central railway station in ca. 25 minutes. Munich Airport can also be easily reached from Freising railway station. The journey takes approximately 20 minutes.
